

Sexual Assault Forensic Examiner (SAFE) Pediatric/Adolescent Course

2027 Sexual Assault Forensic
Examiner Training

Thank you for expressing interest in The Alliance Against Sexual Violence's 2027 Pediatric/Adolescent SAFE Course!

Our SAFE courses train New York State-licensed healthcare professionals to provide compassionate, trauma-informed, and culturally responsive post-assault medical and forensic care to adults, adolescents, and children.

The information in this packet is intended for medical professionals interested in registering for our Pediatric/Adolescent SAFE Course and includes details on course structure, eligibility, expectations, and more.

All individuals interested in participating in our annual Pediatric/Adolescent SAFE course must first complete our waitlist application to be considered for enrollment. Joining the waitlist is required and does not guarantee acceptance into an upcoming course. Our waitlist is open on a rolling basis, with an estimated wait time of 3–6 months.

The Alliance SAFE courses are offered at no cost to eligible medical professionals. Enrollment is limited, and spaces are offered on a first-come, first-served basis, subject to meeting eligibility requirements and funding priorities.
