

SAFE-TI Adult/Adolescent Course

2027 Sexual Assault Forensic
Examiner Training

Thank you for your interest in The Alliance's 2027 Adult/Adolescent Sexual Assault Forensic Examiner (SAFE) Course

Our SAFE courses train New York State-licensed healthcare professionals to provide compassionate, trauma-informed, and culturally responsive post-assault medical and forensic care to adults, adolescents, and children.

The information in this packet is intended for medical professionals interested in registering for our Adult/Adolescent SAFE Course and includes details on course structure, eligibility, expectations, and more.

Course Registration

The Alliance SAFE courses are open to New York State-licensed physicians, physician assistants, registered nurses, nurse practitioners, and nurse midwives. Our training prioritizes medical professionals who are based in New York City and work in New York City hospitals. Additional eligibility requirements are outlined on the following page.

All individuals interested in participating in a SAFE course must first complete our waitlist application to be considered for enrollment. Joining the waitlist is required and does not guarantee acceptance into an upcoming course. Our waitlist is open on a rolling basis, with an estimated wait time of 3–6 months.

The Alliance SAFE courses are offered at no cost to eligible medical professionals. Enrollment is limited, and spaces are offered on a first-come, first-served basis, after meeting eligibility requirements and funding priorities.

Join the Waitlist →

Eligibility

- New York State Licensed healthcare professionals
- Currently employed in a New York City hospital that either
 - Has an active SAFE program
 - OR
 - the professional is based in the Emergency Department
- 1 year of post-graduate clinical experience

Applicant Selection Process

After joining the waitlist, applicants may be contacted when space becomes available in an upcoming cohort. Selected applicants will complete a phone screening to confirm eligibility, followed by a Zoom interview if appropriate.

Applicants will receive advance notice of training dates to allow time to coordinate their schedules and request time off. Enrollment is only confirmed after successful completion of the screening and interview process and confirmation of availability for all required training dates.

Applicants cannot select a preferred cohort while on the waitlist. Those unable to attend offered training dates may defer up to two times before forfeiting their place on the waitlist. Applicants may indicate a preferred training course only after receiving an invitation.

Upcoming 2027 Course Dates

Our upcoming course dates are as follows:

March 2027

9th, 10th, 16th,
17th, 19th

Closes: Monday, February 2nd 11:59pm ET

Week 2: Modules 3-5

Closes: Monday, February 9th 11:59pm ET

Week 3: Modules 6-8

Closes: Monday, February 16th 11:59pm ET

Week 4: Modules 9-10

Closes: Monday, February 23rd 11:59pm ET

Information About Our Online Learning Platform

Coalition Manager is the online platform used to support you with your SAFE Pre-Course Work. The Pre-Course Work represents 10 of the 43 contact hours you will receive upon completion of the course. Failure to complete this work will result in unsuccessful completion of the course.

The online eLearning course material consists of 10 modules, which include recorded videos, readings and associated quizzes. This material gives a foundational understanding of the course content. The materials will be posted 5 weeks before the start of the live lectures and quizzes will be due one week before live lectures commence.

Post-Course Assessment Requirements

Our SAFE Post-Course Assessment includes:

- 4 Case Studies
- Final Quiz (Pass/Fail)
- Final Evaluation

All items in the Post-Course Assessment must be completed within 1 week of Clinical Day at 11:59pm ET.

Requirements for Award of 43 Contact Hours & Certificate

- ➔ **100% Attendance of Didactic Component & Clinical Day**
- ➔ **Completion of Pre-Course eLearning Classroom Modules**
Deadline: 1 week before Live Lectures Begin @ 11:59PM ET
- ➔ **Successful completion of Post-Course Assessment**
Deadline: 1 week after Clinical Day is Complete @ 11:59PM ET
- ➔ **Successful completion of Post-Course Evaluation**
Deadline: 1 week after Clinical Day is Complete @ 11:59PM ET
